Arts. Culture. Ecology. Global Youth.

FOUNDING PARTNERSHIP OPPORTUNITIES

London | 8th to 11th October 2026

"Building creative futures across continents."

THIS IS MORE THAN A FESTIVAL

Suninsulae Festival is a new international arts, culture and ecology movement connecting young people from the United Kingdom, Antigua & Barbuda, Ghana and India.

Through theatre, music, dance, film, digital storytelling, creative workshops and ecological engagement, Suninsulae empowers emerging creatives to develop skills, build confidence and share their stories with the world.

At its heart, Suninsulae exists to help young people achieve their dreams through creativity.

**Four Nations

WHY SUNINSULAE EXISTS

Across the world, talented young people face barriers:

- ▶ Lack of opportunity
- ▶ Lack of visibility

- ▶ Limited access to creative industries
- ▶ Social and economic challenges

Suninsulae creates a platform where talent is discovered, nurtured and celebrated.

**We believe creativity changes lives.
